*Delizia*

Delizia Gelati & Sorbet is a Brisbane based family run business manufacturing premium frozen dessert products.

Their product will leave you with an exceptional dessert experience to rave on about with your friends.

The recipes and gelati making techniques originated in southern Italy four generations ago and the products are made in small quantities, artisan-style, using time honoured family recipes.

To make sure each gelati & sorbet flavour lives up to our exacting standards, Delizia uses only premium dairy products, chocolates, nuts, liqueurs, fresh fruits and imported Italian flavourings of the highest standard.

No other gelati or sorbet captures the essence of each natural ingredient as well as Delizia Gelati and Sorbet.

One taste and you will know there is no substitute.

for true lovers of ice cream
